MATTERS FROM COMMISSION AND STAFF:

1. Consideration of Approval of Public Restrooms Custodial Services Contract

Steve Ashworth, Director of Parks and Recreation, presented to the Board for consideration of approval a one-year contract extension to White Glove Cleaning Service for restroom cleaning services for fiscal year 2021. This contract covers the cleaning services for the restroom facilities managed by the Parks and Recreation Department. These include the year-round downtown restrooms, seasonal athletic fields, parks and boat ramp facilities. This service was solicited through a formal bid process in fiscal year 2019. The Department split the bid request into Base Bid A: Year-Round Town Restrooms and Base Bid B: Seasonal Restrooms. The Department received only one completed bid.

The unique challenges we currently face relating to distancing, cleaning standards and timing of contract renewal (July 1) leads staff to believe that changing contractors at this time is not in the best interest of public safety. For this reason, and White Glove’s successful execution of prior contracts, staff is requesting an extension of the current contract with some changes. White Glove Cleaning Services has proposed an increase in cleaning rates on any Town or Seasonal restrooms for the coming year. Due to the Covid-19 outbreak and associated loss of visitation, Parks & Recreation staff has evaluated service levels with White Glove is proposing a decrease in service levels for the coming year based on the expectation of reduced visitation and user groups. All restrooms will continue to be cleaned on a regular basis; however, number of visits will decrease per day or per week to reflect decreased usage. Town owned restrooms will go from 4 visits a day during peak season to 3 visits per day. Seasonal restrooms were evaluated individually based on location and usage. Seasonal restrooms will maintain current levels of service on the weekend as in years past and reduce the cleaning frequencies during the week by an average of 2 visits per week. Staff is confident that we can maintain clean, safe, functional, and accessible restrooms under this contract. White Glove has committed to working with Parks & Recreation if there is a need to adjust service levels during the term of the contract.

There was no public comment.

A motion was made by Commissioner Barron and seconded by Commissioner Epstein to approve extending the Public Restroom Custodial Contract with White Glove Cleaning Services for fiscal year 2021, in the amount of $125,780.44. Chair Macke called for the vote. The vote showed all in favor and the motion carried.
3. Consideration of Approval to Adopt the Wyoming Region 8 Hazard Mitigation Plan

Rich Ochs, Emergency Management Coordinator, presented to the Board for consideration of approval a resolution to adopt the Wyoming Region 8 Hazard Mitigation Plan. To best protect our community and qualify for funds to assist with hazard mitigation projects, we must have an approved and current Hazard Mitigation Plan (HMP) on file with FEMA and the Wyoming Office of Homeland Security. The Wyoming Office of Homeland Security provided funds to have us create a whole-community mitigation plan with the help of a planning contractor. In cooperation with Michael Baker International, we have created an HMP with whole-community input that has been preliminarily approved by FEMA.

There was no public comment.

A motion was made by Commissioner Newcomb and seconded by Commissioner Propst to adopt the Wyoming Region 8 Hazard Mitigation Plan and approve the Wyoming Region 8 Hazard Mitigation Plan Adoption Resolution. Chair Macker called for the vote. The vote showed all in favor and the motion carried.

8. Consideration of Approval of Revocation of Delegation of Authority to Unified Command for COVID-19 Response

Keith Gingery, Deputy County Attorney, presented to the Board for consideration of approval a Revocation of Delegation of Authority for COVID-19 Response. Teton County and the Town of Jackson follow the Incident Command System of the National Incident Management System. In an emergency, an incident commander is named, or in this response for COVID-19, a unified command was created. The Unified Command is made up of:

- Fire Chief Brady Hansen
- Jodie Pond, Director, Teton County Health Department
- Sheriff Matt Carr
- Police Chief Todd Smith

The Unified Command has been directing the county and town response to COVID-19 since March 16, 2020. The Teton District Health Officer has been advising and collaborating with the Unified Command throughout the delegation of authority but retains his own statutory authorities.

The Unified Command has determined after consultation with the Teton District Health Officer, that the Unified Command can stand down as of May 20, 2020. The Unified Command can be re-instated by the Jackson Town Council and Teton County Board of County Commissioners at a later date if needed.
