S-A BUDGET MESSAGE W.S. 16-4-104(d)

Our budget needs remain the same as in previous years, but the cost of maintaining our roads and water system has increased. We continue to monitor our District Roads to make repairs caused by the winter snow and spring/summer rains. We had accumulated some reserves for adding water storage tanks to our District Water System. As explained in last years Final Budget, we received three years of repair invoices for the water system, which depleted our reserves. We were notified in October, 2018 the road maintenance fee for our District would increase for the road with access to our area from \$ 1,800.00 to \$ 3,500.00 annually. After reviewing the increasing cost of maintaining our District roads, snow plowing, and the increase of maintaining our access road, the Board presented an increase in Road Maintenance assessments to the property owners. We proposed an increase from \$ 9,220.00 to \$ 18,176.00. We also asked our contractor to make suggestions for improvements to our water system as we had leaks and repairs in October, 2018. Our District Water lines are almost 20 years old and not top grade lines which causes the leaks and breaks. The cost to replace all the lines is excessive for our small district. We would also like to add two holding tanks as mentioned in previous Budget Messages. We have checked on our Spring source and although it looks to be in good condition now, we know there can be unforeseen problems. The Board presented an increase for assessments for the District Water System from \$ 9,000.00 to \$ 13,500.00 annually. We hope to be "repair" free and put this money aside each year until we can accumulate enough to make capital improvements to the Water System.

S-B RESERVE DESCRIPTION

In our comments for our Final Budget 7/17-6/18, we addressed the subject of hoping to place monies not used for repairs for the water system, in a reserve status in order to make capital improvements to our water system, ie additional water storage tanks. As noted in our Final Budget 7/18-6/19, any monies we had ear marked for the water system were used to pay three years of invoices not billed by the contractor for repairs to the water system and additional items needed for the water filtration system.
