

CHECKLIST FOR PERMIT APPLICATIONS

In an effort to be sure you have everything you need when you come to submit your plans and application for a permit, we have developed this checklist. Make sure you have checked off each of the following:

Application: Make sure you have the proper type, i.e. bridge, floodplain permit application. All applicable portions of the permit should be filled in if you are unsure about the applicability of a question, please ask at the time of submittal.

Plans: Provide 2 sets of plans, one hard copy, and one digital copy in PDF format. They should be full sets with a site plan as the first page, and all applicable stamps (engineers or architects).

Proof of Ownership: We need a copy of either a Warranty Deed, or quick claim deed with your permit application. You can get one at the Teton County Clerk's Land Records Office, located in the basement of the County Administration building.

Letter of Authorization: If you are not the owner, or if the owner has not signed the application, you must include a notarized Letter of Authorization with the application.

Check or Cash: You will be asked for the permit fee at the time of application submittal. Please refer to the fee schedule to assist you in calculating the correct fee. Please bring a separate check for each application.
