

Employee Housing Maximum Income Chart 2016				
Household Size		80% of Median		120% of Median
One		\$48,048		\$72,072
Two		\$54,912		\$82,368
Three		\$61,776		\$92,664
Four		\$68,640		\$102,960

This chart is to be used for Employee Housing rentals. It shows the maximum income a household can earn (all adults in the household must be counted) for restrictions with limits of either 80% or 120% of Median Income.
