

**INVITATION FOR APPLICANTS
FOR THE
NATURAL RESOURCE TECHNICAL ADVISORY BOARD**

The Mayor and Town Council Members of the Town of Jackson and the Teton County Commissioners invite qualified citizens of the Town of Jackson and Teton County to apply for appointment to the Natural Resource Technical Advisory Board.

As provided in the joint resolution adopted by the Town and County creating the Natural Resource Technical Advisory Board, the mission of the Natural Resource Technical Advisory Board is to assist the Teton County Commission and the Jackson Town Council in effectively incorporating scientifically tested and objective natural resource information into policies and planning decisions to sustain the health of ecosystems in Teton County.

Members of the Natural Resource Technical Advisory Board shall have demonstrable expertise in local and regional wildlife ecology, water related environmental sciences (hydrology and aquatic biology), landscape and vegetation ecology (forestry, range and plant succession), geological sciences (soils and geology), air quality, and/or public and regulatory policies pertaining to local government planning and regulatory matters.

Members of the Natural Resource Technical Advisory Board may be employed by outside governmental natural resource management agencies or non-governmental organizations, but shall not be listed as employees or owners of companies listed as qualified to provide the Town and County Environmental Assessments.

Applications should include contact information and a statement of the applicant's expertise in the scientific and/or public policy areas noted above. Applications should be submitted to Tyler Sinclair at the Town of Jackson Planning Office, or to Jeff Daugherty at the Teton County Planning Development Department by August 31, 2010.
